

CHESAPEAKE BEACH HISTORIC HERITAGE TRAIL

The neighborhood known as "the Campground" was located in this area when the Chesapeake Beach Resort opened in 1900. By the 1920's small summer residences were being built here. The High View Hotel, was located south of this location, and the Water Edge Hotel, generally known as the Marinelli Hotel after the family name of the manager, was situated on the northern side of Bay Front Park (also known as Brownie's Beach).
